

Network Engineer

Anuvia Prevention & Recovery, a non-profit Substance Use Disorder Treatment organization, is recruiting for a Full Time Network Engineer. This is an awesome team that you'll want to join!

To be considered for this position, the following qualifications must be met: Bachelor's degree in Information Technology Management or related field and 3 years of experience; or high school diploma and five years of experience required. In depth knowledge of computer software such as Windows (all versions), Remote Desktop Services, SQL Server, Exchange Server, Microsoft Hyper-V and Microsoft Office. Knowledge of Cisco switches and firewalls. Valid NC or SC driver license required. Work days are Monday-Friday; flex hours to be determined.

The purpose of this position is to provide assistance to all employees in maintaining work stations-functional and connected to the network; provide general network maintenance; maintain a system of file recovery in the event of a disaster; and assure daily back-up of files. Some of the duties of this position include: install/maintain servers, network, and storage devices. Provide project implementation, such as end to end implementation of network design concepts and system optimization. Provide input and expert opinion to Technology Manager, as needed. Provide technology training to staff and work independently with users to define concepts, teach, and train. Coordinate the organization of outcome evaluation data and assist in the preparation of reports, as identified.

The ideal candidate will have advanced knowledge of Cisco products and appliances; advanced knowledge of firewall Policies and Infrastructure; Cloud Infrastructure knowledge (Azure); and LAN/WAN/WLAN and Firewall Design, Implementation, and Support experience. SQL database maintenance and design is highly desired. Time management skills, along with active listening, problem-solving, critical thinking and professionalism are valuable skills to have for this position.

Anuvia offers a comprehensive benefits package that includes: Health & Dental Insurance, Vacation Leave, Personal Time Off Leave (PTO), Paid Holidays, 403b Retirement Plan, Life Insurance and Long Term Disability.

Interested candidates should email letter of interest and resume to Susan.Gary@anuvia.org. <EOE>
